

MultiRELOAD
PORT SOLUTIONS FOR SUSTAINABLE MOBILITY

Newsletter

MultiRELOAD Newsletter 2023 OCTOBER

In the past year since the project began, the MultiRELOAD consortium has been working diligently on innovative solutions aimed at boosting the IWT sector. Read our newsletter and get a taste of the fruits of the past semester.

Get ready for the first MultiRELOAD User Forum

On November 23, in the frame of the Danube Ports Days 2023, the first User Forum will take place. The hybrid event serves in creating an environment where stakeholders can discover new tools and solutions for the implementation of green objectives, share experiences and good practices, address common challenges in their transition, and provide relevant updates.

Video teaser: Transporting Bulk Cargo in Multimodal Containers

Multimodal transportation solutions are the most promising facete for the future of the entire IWT sector. Imagine the endless possibilities if the sector could provide consolidation services with a minimum order size of one single unit, from door to door and the main distance transported by a vessel.
